

# The Rights of The Child to Be Protected from Illicit Drugs

**Organized by IOGT International**

**In cooperation with World Federation Against Drugs - WFAD**

**and Junis: IOGT-NTO'S Junior Association**

Of all the international human rights conventions there is only one that mentions illicit drugs; the UN Convention on the Rights of the Child, article 33. How does this align with the UN drug conventions?  
Should we shift focus in drug policy from the adult user to the non-using child? What are the practical implications?

**Speaker: Sven-Olov Carlsson, International President of World Federation Against Drugs**

**Moderator: Christer Wiik**

**Venue: M7**

**Time: Monday, March 12, 14.00-15.00**
