UNGASS Outcome

The main outcome of the UNGASS 2016 was the adoption of a document entitled "Our joint commitment to effectively addressing and countering the world drug problem," containing operational recommendations to address and counter the world drug problem.

Key Thematic Focus area of the UNGASS 2016 outcome document

Demand reduction and related measures, including prevention and treatment, as well as health-related issues

Supply reduction and related measures;

Cross-cutting issues: drugs and human rights, youth, women, children and communities

Cross-cutting issues: new challenges, threats and realities in preventing and addressing the world drug problem in compliance with relevant international law, including the three drug control conventions; strengthening the principle of common and shared responsibility and international cooperation

Alternative development; regional, interregional and international cooperation on development-oriented balanced drug control policy; addressing socioeconomic issues

Achievements

Achievement from the Outcome Document

A more health oriented comprehensive approach to drug issues.

Much emphasis in accessing essential medications the need to protect the rights of children.

The proportionality of sentences and the gender perspective.

From the three, alternative development is the one which has escalated most in the last few years.

Gaps

Much emphasis was not given to the following areas

Prevention,

Education,

Treatment,

Recovery and reintegration

Our Roles to cover the GAPS

What can we do as CSO's to ensure the GAPS are covered
More Lobby from our Governments, INGO, NGO's, AU etc

Development of position Papers with much focus on the Gaps

Network More

Disseminate information to the people who do not know what is happening

Encourage more partnership with big NGO's Like WFAD to enhance our level of Lobby

Be on the updated on what is happening concerning the same to develop a counter mechanism

Focus more as a team on UNGASS 2019 and beyond
